How to Deliver a Good Sermon/Lecture

A good sermon does not teach; it inspires and lifts congregants with inspiration and challenges thought provoking circumstances that will enhance the life of those in the congregation.

Student are required to submit a sermon prior to the class for the instructor to give tips on how to make the sermon flow and keep the attention of the listener.

Communication Skills: Speaking Clearly and Active Listening Skills

Communication skills will be presented teaching the student to make meaning for the person who comes to them for counseling. The student will learn what key words are important and how to document conversations.

What is a Pastor, Pastoral Care and Pastoral Authority?

What qualities make a good pastor?

How does the Spiritualist pastor fit into the community and what do they have to offer?

How to provide pastoral care?

What are the two parts to Pastoral Care and why is it important?

- What does pastoral burnout look like and what are the warning signs?
- This portion of the class teaches good self-care practices.
- What is community Pastoral Care?
- The student will learn the expectations in giving community pastoral care.

What is Pastoral Authority?

The answer is disclosed in this portion of the class.

A pastor should never give up their pastoral authority as well as never abuse their pastoral authority.
