RE: All Mediums and Healers that work in an NSAC Auxiliary

Recently, the NSAC Board has received inquiries and concerns regarding NSAC policies and procedures for our mediums and healers. To respond to these inquiries, the board wanted to remind everyone of the following policies and procedures.

#### Mediumship:

Mediums (any NSAC member) must demonstrate the Direct Method of communication. This means that the Medium directly identifies the individual for whom the message is intended (recipient). The Medium then provides the proof of identity of the communicating spirit and provides the message. The Medium is not to ask questions, except for confirmation such as "Do you understand?" or "Can you place this?" We need to remember the purpose of mediumship is to prove the continuity of life, and all Mediums are required to provide evidential spirit messages (greetings, not readings) proving the continuity of life at our NSAC services.

#### Healing:

At the 2016 NSAC Convention held in St. Louis, Missouri, the delegates approved a motion to: "require healers of the NSAC to conduct healing by touching only from shoulders and above and asking the sitter before the touching begins".

We would also like to remind you that the NSAC Board at the 1997 NSAC Convention Board meeting approved a motion in which: "all Laying on of Hands Healing performed during any church service be performed in front of the congregation OR in the presence of witnesses."

Please announce this information, and post so the members can be notified of this information. Thank you in advance for your cooperation.

Respectfully submitted,

Rev. JoAnn Santonocito  
NSAC Secretary, on behalf of the NSAC Board
