SUPPORTING OUR CHURCHES

We would like everyone to come together and help each other. Some of you already do this! Let's share even more!

Some people need help and some people already have the skills.

So let's work together to grow this organization!

Q- We are not sure how to move from Zoom to Hybrid.

A- We are Hybrid now - we can help.

Q- Is there a cost to post our services to YouTube?

A- We have a YouTube channel. We can help.

Q- We want more fundraisers but have limited resources.

A- We know what that is like - we can help.

Spirit tells us we must do our part!

So please volunteer and share ideas.

Submit them by
